

Lab Safety Skits

Students, to practice lab safety you will work with your group to come up with a lab safety skit.

Procedures:

- Each group will take about 25 min to design a skit.
 - Each skit should show 10 rules of the laboratory (they may be either broken or shown correctly)
 - The skit may be a role play or a song
- Each group will have approximately 3-5 min to present.

Grading:

- 100%: Full participation
- 50%: Lack of participation
- 0%: No participation
